

# The Lionrock Fellowship

---

---

LionRock Capital is a single family office based in Singapore. We adopt an endowment style model for the consistent and steady growth of our portfolio. We seek to compound our capital base by investing in the highest quality franchises, management teams and funds that have created or are pursuing large and structural growth opportunities. LionRock's portfolio is invested globally and comprises direct investments in public markets and fund and direct investments in private markets. We believe that a long term orientation is key to compounding capital, and accordingly, each investment is made with the intention of holding for multiple years. Our CEO is hands-on and has 30 years of investing experience. Our employees have been with us for an average of 11 years each.

---

---

**The LionRock Fellowship is a fully remote, part-time independent study program offering university students with the opportunity to research industry areas and stock ideas with the mentorship and guidance of finance professionals at LionRock.**

- Offered to up to 5 students per session
  - Two 3 month sessions per year (Aug - Oct and Jan - Mar)
  - Monthly formal group sessions with the CEO and ad-hoc mentorship and discussion sessions with the team
  - \$500 per month per student stipend
  - \$1,000 bonus to the best project
-

This Fellowship is not an internship. These are the key aspects that differentiate it:

- It is part-time with a time commitment of 7-10 hours a week for 3 months
  - It is during the academic term (first session is Aug - Oct) and not during holidays
  - It is fully remote with most interactions happening on zoom
  - Each fellow will work on one specific project for the duration of the Fellowship
  - No ad-hoc or daily tasks will be assigned to the Fellows
  - Fellows plan their own schedule since progress will be evaluated once a month
  - Fellows will be paid monthly \$500 stipend (this is not the same as a full time salary)
  - This Fellowship will not lead to a full time offer
-

- You should be a student pursuing an undergraduate business degree or MBA in a Singaporean Institute of Higher Learning
  - You should be a Singaporean citizen or Permanent Resident
  - You have good quantitative skills and knowledge of basic finance concepts
  - You have a good grasp of Microsoft Excel and can do financial modeling
  - You are able to commit 7 - 10 hours per week to research and preparing analysis
  - You are able to work independently and are a self starter
-

# TIMELINE FOR AUGUST START

JUNE 15

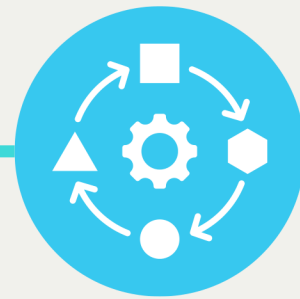

Application  
Deadline

JULY 15

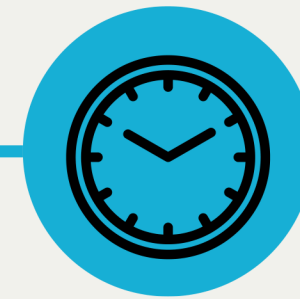

Successful Fellows  
Notified

JULY 25

First briefing  
session,  
explanation of  
projects and  
deliverables

AUGUST 31

First Project  
Milestone

SEPTEMBER 30

Second Project  
Review

OCTOBER 31

Final review and  
deliverables

- Prepare a cover letter outlining the following:
    - Your academic qualifications including relevant finance coursework
    - Any previous experience with investment research or projects
    - Why this fellowship is important to you and what you can contribute
    - What you hope to get out of the internship
    - Whether you are a Singapore citizen or PR
    - Your commitment to the timeline and time requirements of the fellowship
  - Attach a resume
  - Email these documents to [fellowship@lionrock.com](mailto:fellowship@lionrock.com)
  - Unfortunately due to time constraints, only successful applicants will be notified
-

Thank You
